Project title: „Aspects on the development of intelligent, sustainable and inclusive society: social, technological, innovation networks in employment and digital economy”

Call for Proposal Scientific Scholarship Program

In the framework of **EFOP-3.6.2-16-2017-00007** entitled „**Aspects on the development of intelligent, sustainable and inclusive society: social, technological, innovation networks in employment and digital economy**”, the University of Szeged Faculty of Economics and Business Administration is willing to contribute with financial support to the PhD students’ studies and researches who study in the Doctoral School in Economics, University of Szeged.

In order to achieve these goals, the Doctoral School in Economics at the University of Szeged publishes a call for proposal to scientific scholarship. In order to achieve the goal, all granted students receive 80,000 HUF scholarship (altogether 320,000 HUF) between 1 January 2020 and 30 April 2020.

The call ensures the support of maximum 5 students.

PhD-students or candidates with active student status in the Doctoral School of Economics in 2019 are eligible to submit a proposal and win the grant. The Applicants must meet the following criteria:

- If a legally binding disciplinary resolution has been issued against the student, he/she may not apply for the scholarship during the disciplinary period.
- In case of PhD-candidates, the defense of the preliminary thesis has not taken place and will not take place in 2019.

The evaluation of the proposals is based on the following rules on allocating points:

	Explanation	Scores
Basic requirements		
1. Study performance	in the active semester the study average is between 3.00-3.99 in average	20
	in the active semester the study average is between 4.00-4.49 in average	25
	in the active semester the study average is between 4.50-5.00 in average	30
	the performed credits are at least 20/semester in average (total performed credits / number of active semesters)	30
	in case of PhD students enrolled in 2019 (since they do not have a completed semester)	30
2. Scientific activity	intermediate language exam besides the language exam needed for getting the PhD degree	3
	high level language exam besides the language exam needed for getting the PhD degree	5
	OTDK 1st place	5
	OTDK 2nd place	4
	OTDK 3rd place	3
	OTDK special award	1
	Article published in Hungarian in a Hungarian scientific journal (if there is) – 1-5 pieces	10
	Article published in Hungarian in a Hungarian scientific journal (if there is) – 6 or more pieces	15
	Article in a foreign language published in a Hungarian scientific journal (if there is) – 1-5 pieces	15
	Article in a foreign language published in a Hungarian scientific journal (if there is) – 6 or more pieces	20
	Article in a foreign language published in an international scientific journal (if there is) – 1-2 pieces	20
	Article in a foreign language published in an international scientific journal (if there is) – 3 or more pieces	30

Project Nr: EFOP-3.6.2-16-2017-00007

Project title: „Aspects on the development of intelligent, sustainable and inclusive society: social, technological, innovation networks in employment and digital economy”

3. Research plan	Novel topic, high-quality research proposal	30
	Well-structured research proposal detailing the topic to be examined	20
	General research proposal without any details	10
Total scores (maximum 100)		

Additional information to the evaluation criteria:

- The format of the research plan to be submitted is detailed in the Appendix.

Documents to be attached to the proposal:

- research plan;
- declaration of the Applicant that the Applicant admits as obligatory all issues detailed in the call for proposal, especially the rules of suspending the grant;
- declaration of the Applicant that the Applicant’s personal data can be handled by the evaluation committee and the administration staff of the call;
- declaration of the Applicant that in case of granting, the Applicant’s personal data (especially the Applicant’s name and training program) are used in course of the SZTE communication activity, that photo and/or voice record is made of the Applicant and the SZTE can publish in in course of its communication activity;
- declaration of the Applicant that the Applicant is available to media related to the proposal and grant;
- contributing declaration of the Applicant, that in case of media approach, the Applicant consults with the SZTE representative responsible for communication;
a statement certifying that there is no legally binding disciplinary resolution against the Applicant.

The submitted proposals are evaluated by a committee of the members of the Council of the Doctoral School. The proposals are going to be archived in SZTE GTK.

After the decision is made, the administrator of the proposals informs the Applicants on the decision via e-mail.

Deadline of proposal submission: 15 December 2019, Midday (CET)

Submission only via: <https://modulo.etr.u-szeged.hu/Modulo2/default/forms/details/1781556>

There is no possibility for clarification after the deadline has expired.

Deadline of evaluating the proposal: 31 December 2019.

Necessary documents to be attached:

- application form and declarations
- CV
- motivation letter
- research plan

Project Nr: EFOP-3.6.2-16-2017-00007

Project title: „Aspects on the development of intelligent, sustainable and inclusive society: social, technological, innovation networks in employment and digital economy”

- all other documents that the Applicant finds important (language certificate, certificate of TDK, OTDK results, publication, etc.)

The necessary application form is available: <https://modulo.etr.u-szeged.hu/Modulo2/default/forms/details/1781556>

Further information is available from: Beáta Udvari, assistant professor, secretary of the Doctoral School via e-mail: udvari.beata@eco.u-szeged.hu.

We retain the right of revocation. Applicants cannot appeal against the evaluation results and the final decision of the scholarship committee.
