Faculty of Economics and Business Administration

About Us

"The Faculty of Economics and Business Administration in Szeged is a place where economists of the present and the future can cross paths, where future economic developers and leaders could begin their professional training."

Dr. Péter Kovács
Dean

The Faculty of Economics and Business Administration of the University of Szeged has always been an important educational centre. It provides more than 10 study programmes on the Bachelor, Master and Doctoral level, both in Hungarian and English language. The international community of the Faculty is **growing fast, with over 130 students** enrolling in 2019. Students who decide to join our Faculty will realize that our institution is based on the principles of cooperation and support. It is possible indeed to go beyond the formal in-class interaction between teachers and students, building a professional relationship based on mutual trust and respect. **What you will find is a welcoming, familiar environment, where you will be encouraged to develop your skills, pursue your passions and be an active member of the student community.**

Genco Azrak
Turkey
alumni of the Bachelor programme
student of the Master programme

"I kept the idle for a long time earning a BA degree. Finally, I have achieved this goal at the age of 38. At the University of Szeged I gained broad knowledge about fields of business, which helped me to better myself in my professional career."

"Since I started studying business, my goal has always been working in marketing and sales. In Szeged, I learnt how to be a public speaker, how to use promotional online tools, how to work in a team: these are skills you can develop in this programme, which gave me the chance to be employed even before actually graduating."

Giulia Filoso
Italy
alumni of the Bachelor programme

Academic Success

Arailym Seitkhanova
Kazakhstan
student of the Bachelor programme

"I have been interested in public speaking since I participated in TEDx. Since then, my goal has been to further develop presentation skills, and at the University of Szeged I had a chance to improve my skills and to participate in Presentation Techniques Competition, where I won first prize."

"After my experience of the bachelor programme at the Faculty, I realised that I did enhance a lot. The professors and students here are warm, caring and encouraging. Thus, I proceeded to study in the master programme."

Chen Xi
